

- 1 Facilitator wears head-worn microphone that connects to their transmitter. Facilitator's voices are transmitted wirelessly to participants.

- 2 Receivers & Headsets for use by participants

TGS737 Includes;  
1- Transmitter  
1- Microphone  
10- Receivers and Carry Case  
Headsets are not included (\$9.22 each)

**NOT RECOMMENDED FOR INTERPRETATION**

When using for interpretation services it is highly recommend that you use MONITORING (\$338.00). Monitoring is the ability to provide the interpreter a feed of the presenter's voice in such a way that they can hear better, hear accurately and in that fashion do a far better job of interpreting compared to listening naked-ear.
